Working Video-3: www.foxsew.com/company-video/automatic-ring-shape-stitching-sewing-machine-868.html

This machine is with Automatic Belt Folding, Automatic Feeding, Automatic Bartacking, it is mainly used to sew various ring-shape belts, used in children's clothes, suitcase, bags, hand bags, etc... the length of the sewn and folding circle is 100mm, with a maximum width of 40mm.

As the machine is installed with high-speed lockstitch sewing nose, it is suitable for all kinds of belt. The collocated airflow magnet valve and oil-free cylinder could prevent noise and oil contamination. Automatic device carries the belts to under the needle, thus away from worrying about hand infibulations and hence safe operation.

Characteristics:

- (1) The biggest advantage is high-efficiency, the sewing speed improved at least 70% compare with the traditional belts or tapes sewing. Improve the working-efficiency highly. Reduce the labor cost.
- (2) Set the programme by microcomputer, achieve automatic folding, automatic feeding, automatic bartacking, automatic, sewing, can ensure the belts and tapes sewing and bartacking accurately.
- (3)The equipment gathers machine, electricity, gas in one, low noise, stable, no pollution.
